Our horses were selected by a member of the firm direct from the breeders of Europe, and are descendants of the most noted prize winners of the Old World. We paid spot cash for all our stock and got the best at great bargains and were not obliged to take the refuse from dealers at exorbitant figures in order to obtain credit, thereby enabling us to sell better animals at better prices, longer time and a lower rate of interest than almost any other firm in America.

We have also the most superior system of organizing companies and stock syndicates in this country, and insure satisfaction. We call special attention to our references. By these it will be seen that we are not handling or commissioning the refuse horses of dealers in Europe. With us you get a square transaction, a good animal, a valid guarantee, and will compete with any firm in America on prices and terms beside.

Consignments of stock receive the personal attention of some member of the company. Parties wanting assistance in finding accommodated on reasonable terms.

**The Kansas City Stock Yards.**

Are by far the most commodious and best appointed in the Missouri Valley, with ample capacity for feeding, weighing and shipping cattle, hogs, sheep, horses and mules. They are planted throughout, no yards are better watered, and in none is there a better system of drainage. The fact that higher prices are realized here than in the east is due to the location at these yards of eight packing houses with an aggregate daily capacity of 5,000 cattle and 37,500 hogs, and the regular attendance of sharp, competitive buyers for the packing houses of Omaha, St. Louis, Indianapolis, Chicago, Cincinnati, New York and Boston.

All the state roads running into Kansas City have direct connection with the yards, affording the best accommodations for stock coming from the great grazing grounds of all the western states and territories, and also for stock destined for eastern markets.

The business of the yards is done systematically and with the utmost promptness, so there is no delay and no clashing, and stockmen find here and will continue to find that they get all their stock is worth with the least possible delay.

Receipts for 1890 were 1,472,229 cattle, 76,566 calves, 2,825,171 hogs, 325,800 sheep, 37,118 horses and mules. Total number of cars, 100,160.

**KANSAS CITY STOCK YARDS  
HORSE AND MULE MARKET.**

W. S. TOUGH, Manager.

This company has established in connection with the yards an extensive Horse and Mule Market, known as the KANSAS CITY STOCK YARDS HORSE AND MULE MARKET. Have always on hand a large stock of all grades of Horses and Mules, which are bought and sold on commission or in car load lots. Regular trade auction sales every Wednesday and Saturday.

In connection with the Sales Market are large feed stables and pens, where all stock will receive the best attention. Special attention given to receiving and forwarding. The facilities for handling this kind of stock are unsurpassed at any stable in this country. Consignments are solicited with the guarantee that prompt settlements will be made when stock is sold.
